The TherapyRehab Plus Difference

A “Future-proof” Solution

TherapyRehab Plus is a flexible and scalable practice management solution that meets the needs of the most demanding practices. The system accommodates all of today's healthcare regulation requirements and is designed to meet any future changes. Whether you have a single clinic or hundreds of locations, it is a program that is tailored to fit to your practice. A TherapyRehab Plus customer service agreement entitles our clients to not only updates, but also major upgrades to the program. Quite simply, it is the last practice management solution your practice will ever need.

Implementation Experience

Our team has more than 26 years experience in implementing its software. We understand the apprehension everyone feels when the time comes to implement new practice management solution. Accordingly, we have developed a systematic method that ensures a smooth transition. Each installation is headed by a Project Manager who is backed by capable technical support people and knowledgeable trainers. You and your management team will receive a weekly Milestone Summary that will keep you abreast of all aspects of the implementation. You can feel confident that you'll be in good hands from start to finish.

The Raintree Story

TherapyRehab Plus was developed by Raintree Systems, a company that has been providing innovative software solutions to health care organizations since 1983. Two-thirds of the over 2,000 clinics that employ TherapyRehab Plus are in the physical therapy, occupational therapy and SLP arena. This experience translates into an intuitive software solution that has great “depth” and is easy to use. The program is suitable for both outpatient and hospital-based rehab therapy departments.

Customer Support

Raintree Systems offers outstanding support services for its customers. As part of your support and maintenance agreement, you can reach a Customer Service Associate from 6:00 AM to 6:00 PM (Pacific Standard Time), Monday through Friday. We also provide rapid response to critical problems that may arise outside of normal operating hours. We are so committed to providing the best possible customer service that we designate a Customer Service Associate to work directly with you. This ensures you have the assistance you need 24 hours a day, seven days a week.

Visit our website at www.raintreeinc.com to see why Raintree's TherapyRehab Plus has become the first choice of growing physical therapy practices.
