

Raintree Systems delivers Electronic  
Medical Records and Practice Management  
in a single software solution

## Empowering Therapists

Raintree TherapyRehab Plus  
meets CMS Claims-Based Therapy  
Outcome Reporting Requirements

**TherapyRehab Plus**  
by Raintree Systems

# The TherapyRehab Plus Advantage

**TherapyRehab Plus by Raintree Systems** is a comprehensive, fully integrated practice management and electronic medical record (EMR) software solution for PT, OT and SLP. The program seamlessly integrates the full scope of your practice's operation. Workflows in both

your clinical and administrative departments can now be made more efficient and streamlined, leading to improved patient care and enhanced financial management of your organization. The program is HIPAA-compliant and is easily accessible via the internet.

Cancel/No Show | Billing Review

**Dashboard:**

- Single Screen with only Pertinent Information
- Case Load Tracking with Follow Up Policies
- Clinical Note Tracking for each Appointment
- Task Management System for Individuals or Groups
- Crucial Clinical, Financial and Operational Data

## Unrivaled Practice Management Tools

- Provider productivity reports
- User-configurable financial management, marketing and productivity reports
- Collection effort efficiency reports
- Extensive marketing tools

## Extensive Efficiency Tools

- Email or e-fax documents to referring and participating providers from the system
- Automated electronic insurance eligibility verification
- Automated appointment reminder capabilities
- Auto-posting of insurance remittance payments (EOB)
- Provider Dashboards display all pertinent client information on a single screen

## Workers' Comp – Electronic Claims Submission

- Electronic submission of all of your workers' compensation claims and attachments
- Full integration with P2P Link
- Ability to track multiple episodes of care in one patient record
- Automatically generates letters to employers if employee misses appointment

## Comprehensive Integrity Checks

- Tracking of authorized visits and dollar amount limits
- Copayment “prompts” when patients check in
- Expiring authorization or dollar limit alerts
- Automatic charge auditing along with Medicare “8-minute rule” tracking

## Multi-Discipline Clinical Documentation

- Comprehensive documentation templates for PT, OT, SLP, and Audiology
- “Blend” your own sub-specialty (e.g., sports medicine, neurology, lymphedema, hand therapy, etc.) clinical documentation workflows into the program's templates
- Advanced dictation capabilities built into the system also compatible with Dragon Naturally Speaking® and other voice recognition software programs
- Standardized tests and questionnaires

## Seamless Integration of Clinical and Administrative Departments

- The system automatically generates appropriate billing codes, derived from the clinical documentation, enabling same day billing
- Scan current patient documents and charts into the system
- Procedural follow-up tasks can be assigned to individuals or groups
- Functional steps of each employee's role can be precisely configured

## Economical Multi-site Integration

- Link multiple locations together without networking software such as Citrix or Terminal Services
- Low cost web-based hosting option available
- Staff can have HIPAA-compliant remote access to the system with laptop wireless cards or just “dial up” connection speed
- A “real-time” response program that operates with an “ultra-thin” client server application

- Software updates and major upgrades included with maintenance agreement

## Implementation Experience

- Specialists in rehabilitation software implementation and change management
- We have developed a systematic method that ensures a smooth transition from paper to a digital system
- Each installation is headed by a Project Manager who is backed by a capable project team
- You can feel confident that you'll be in good hands from start to finish

## The Raintree Story

TherapyRehab Plus was developed by Raintree Systems, a company that has been providing innovative software solutions to health care organizations since 1983.

Over 1,500 clinics that employ TherapyRehab Plus are in the physical therapy, occupational therapy and SLP arena.

Raintree's experience translates into an intuitive software solution that has great "depth" and is easy to use. The program is suitable for both outpatient and hospital-based rehab therapy departments.

## Customer Support

Raintree Systems offers outstanding support services for its customers. Customer Service Associates are available from 6:00am to 6:00pm (Pacific Standard Time), Monday through Friday. Raintree also provides rapid response to critical problems that may arise outside of normal operating hours. This ensures you have the assistance you need 24 hours a day, seven days a week.
