Be Confident in the accuracy of your patient, billing and reporting data through Raintree’s Data Integrity Check
Comprehensive EMR + Practice Management to help manage the complexity of a modern PT, OT, SLP practice

**TherapyRehab Plus** by Raintree Systems seamlessly integrates the full scope of your practice’s operation; regardless of size, scope and specialty. Clinical, Administration, Front Desk, Billing, Authorization Management, Compliance, etc. are completely integrated throughout the software to simplify and streamline total practice and operation processes. Your entire organization can be more efficient; leading to improved patient care and enhanced financial management of your organization.

- Comprehensive documentation for PT, OT, SLP and audiology
- All data and processes are HIPAA, FINRA, ITAR compliant
- Customizable workflows and process flow
- Easily import & create state specific documents and forms
- Extensive workers’ comp tools
- World class product and customer support

“Raintree gave us the flexibility to customize different aspects of the product to meet the needs of our various partnerships”

– Chadd Pence, U.S. Physical Therapy

U.S Physical Therapy operates hundreds of physical therapy practices through limited partnerships and management agreements
Advanced Revenue Cycle Management Tools

Amazing features, functionality and tools give your business “Next-Level” Revenue Cycle Management capabilities.

Exception-based payment management tools allow you to manage exceptions and not entire AR reports.

Business Intelligence and Analytics

Turn your data into an asset.

Transform the way you do business through actionable information.

Identify trends across time to see how those changes impact your business.

RT Connect

Integrated texting streamlines patient communication, increases patient interaction and reduces front-office workload.

“The benefit of going with Raintree is the fact that it is so highly customizable. We are a large group of clinics and our revenue cycle functions take a lot of finesse. We can do that with Raintree, and that’s not something we could do with a lot of other products.”

– Michael Cantrell
Benchmark Rehabilitation Partners
Powerful Tools to Help Run Your Practice

Unrivaled Practice Management Tools

Advanced Scheduler Functionality

Seamless Integration of Clinical and Administrative Departments

Payment Collection Tools

“Since we started with Raintree we have seen a lot of benefits for our business. We have reduced our write-offs significantly because we can manage our authorizations in real-time. Our clinicians have become more efficient. They are able to focus on their therapy sessions and get their documentation done immediately. It’s been fantastic.”

– Michelle Blankenship

Why Raintree:

We are in this business because we recognize real and tangible benefits that healthcare professionals provide to their patients. Raintree Systems develops solutions that help healthcare professionals elevate patient care, achieve personal and professional success and provide specialty healthcare practices with a platform for success.

All our products are built with the specific purpose of providing real value to the provider, practice and patient.

Our Commitment To You:

We are committed to developing Practice Management, EMR|EHR solutions and services for under-served medical specialties to enable individuals in those specialties to operate in a software environment that:

• Speaks the language of their specialty
• Addresses specific challenges of their specialty practice
• Provides specific value to that specialty through the use of software and/or service

Raintree Support

Raintree offers the most comprehensive support of any EMR & Practice Management software. Our goal is to partner with you so you can leverage the Raintree platform to enhance your business and unlock additional value in your practice.
